### Message

It gives me immense joy and pleasure to share my perspective through the SJS VIBES of St. Joseph's School, Shaktinagar, Sonbhadra, U.P. one of the premier educational institutions in NTPC India. The school has achieved milestones one after the other in the past 45 years, nurturing young minds to develop into a strong nation. I really lift up my heart to the Almighty in gratitude and thank for His countless blessings, guidance and constant protection. We fondly remember all the Reverend Fathers, Sisters and teachers in the past for their selfless services.

St. Joseph's School has been playing a marvelous role in grooming the young men and women and sending them out into this world as 'premier citizens' who definitely leave no stone unturned to give to this world what they have received from this institution. In this materialistic world upholding the moral values and selfless aspirations is not an easy task yet hats off to the dedicated teachers who have put in their selfless efforts in instilling in these young minds the high moral values and caring forward their motto, 'Let Your Light Shine'.

At the end of the World War II, a letter was found in a Nazi concentration camp. It is addressed to teachers: "Dear teachers, I am a survivor of a concentration camp. My eyes saw what no man should witness: Gas chambers built by learned engineers, children poisoned by educated physicians, infants killed by trained nurses. Women and babies shot and burnt by high school and college graduates. So I am suspicious of Education. My request is help your students become human."

The above letter is a great challenge for all the teachers and parents. Today we live in a world where there is cut throat competition and often we pay much attention to these competitions and glorify such achievements. We must primarily bring up our children in an ambience of love, respect, tolerance, truthfulness, honesty, integrity, understanding and appreciation. When they learn to love and respect others, they will be honest and truthful, humans and humane. This is primary aim of education.

I hope and look forward for a grace filled year ahead and may you continue to strive for excellence in every field. May St. Joseph, the patron of the school, intercede and watch over this institution and guard it from all dangers.  
God bless you all!

**Most Rev. Bishop Louis Mascarenhas**

President, Diocese of Allahabad Educational Society

**Rajeev Akhotkar**  
Head of Project, SSTPS

# Message

A Maharatna Company

I extend my heartfelt congratulations to this esteemed institute, St. Joseph School, Shaktinagar for completing its glorious 45 years of service in the realm of education, contributing to the growth and development of the country.

St. Joseph School has set benchmarks in every field from academics to sports to Olympiads to national competitions to cultural activities. Striving and achieving excellence relentlessly for 45 years is what make St. Joseph's stand tall and distinct amongst all the schools in this remote area as well as the schools of other NTPC stations.

I would like to draw special mention to the school teachers for concentrating on developing the overall holistic growth of the students like leadership skills, confidence, determination, respect, moral values, and adaptability along with excellent academic results every year enabling them to become better responsible citizens.

I would like to appreciate that during the catastrophic waves of Covid when continuing learning was a huge challenge, St. Joseph school rose to the occasion and started online classes for the students and provided special training to teachers for undisrupted learning. This shows St. Joseph School's unwavering pursuit of excellence even amidst the unprecedented crisis.

I would like to extend my special thanks to the teachers for their unwavering commitment and dedication for nurturing the children, guiding them, and keeping their spirits high, especially during Covid crisis.

St. Joseph School has played a great role in actualizing the NTPC Singrauli as the hub of learning in this remote location. St. Joseph School is not only imparting excellent knowledge and care to the children of NTPC Singrauli employees but also catering to the outside communities and external stakeholders.

I convey my gratitude to the parents/ families of our young bright stars for their trust and faith in the teachers and NTPC Singrauli management.

Once again, I wish all the students to shine even brighter and keep the flag of St. Joseph School and NTPC Singrauli high.

  
(Rajeev Akhotkar)

## Principal's Message

***"The illiterate of the 21st century will not be those who cannot read and write, but those who cannot learn, unlearn, and relearn."***

These words of Alvin Toffler explicitly portray the challenges confronted by the modern generation. The children of this 21st century have access to a plethora of information at their fingertips thanks to the emergence of the digital world. It has become practically impossible to sever the young generation from the world of artificial intelligence & digitalisation. Therefore, it is apt to change our approach to education. In fact, the students lack nothing but the skills and ability to cope up with the pressure exerted on them by an ultra digitalised world. This challenging scenario has made it necessary for the students to enhance multiple skills to face and overcome the obstacles which come across their life. Unwavering confidence to apply life- skills to tackle multifarious tasks has become crucial for their successful life.

We, at SJS, adopt a multiple- skill development approach to sharpen the students to penetrate the world to draw the life-giving nectar of success. SJS focuses on effective communication skills, critical thinking, creativity and collaboration. Communication enables students to convey their ideas effectively, critical thinking perfects their problem solving skills, creativity teaches them how to think out of the box and collaboration shows them how to work together to achieve a common goal. The students become invincible when we nurture the above mentioned skills seasoned with digital literacy and digital ethics. This has to be the aim of modern education!

I strongly believe that every child is a unique flower and together they make this world a beautiful garden. Every child is gifted with infinite potential and the school provides ample opportunities to the students to discover their latent talents. We nurture them with a lot of care and affection so that they become responsible citizens with high moral values and expertise. We ensure that our students become an active catalyst which brings positive social changes.

SJS VIBES will give you a quick glimpse over the scholastic and co-scholastic activities and the achievements of the school during the academic session 2022-23. It also reflects the achievements of the students in sports, games, art and literature. I wish each one of you an exquisite reading experience.

  
(Fr. Archibald D'Silva)

Neither Orville nor Wilbur Wright had a pilot's license. Neither had gone to a college. They were bicycle mechanics with a dream and the courage to fly. On December 17, 1903, they took turns piloting their Wright Flyer on four separate flights. The longest lasted only a minute, but it changed our world forever.

Success in life is not just a strike of luck. It is very much unlikely to comment looking at a successful person, "he's lucky". We comfortably tend to forget the real life struggles and difficulties that person encountered while pursuing his dream of success. The Wright brothers' neighbors didn't immediately appreciate their accomplishment. Their hometown newspaper didn't believe their story, and said that even if it is true, the flights were too brief to be significant. It took several more years of flying and refining their planes before the public recognized what they had truly done.

Similarly, we too have such experiences when it comes to the achievements in life. Achievement, how small it might look, is a success. It is our responsibility to make it sure that we move a step ahead each day. The Wright brothers had '**dreams and a courage to fly**'. Anything we achieve in life can only be the result of prodigious dreams and courage to go beyond the set limits. In other words, success embraces only the daring and dreaming ones.

In fact, the Wright brothers are metaphors of success. It is not that the lady luck smiled at them on a fine morning. It is not that both of them accidentally come across the idea of flying. The propelling force behind their extraordinary feat was their unquenchable thirst for adventure and perseverance of chasing success.

The world of today is not of those who wish to sleep peacefully. As rightly said by Dr A P J Abdul Kalam, the world is of those who have extraordinary dreams which do not let them sleep peacefully until they fulfil their dreams. Therefore, I wish each and every reader to be unique in following his/her passion and never settle for less than what he/she deserves.

On behalf of the entire Editorial Board, I express my sincere thanks to the Principal, Rev Fr Archibald D'Silva for being the source of inspiration for all of us. A special thanks to all the well-wishers and stakeholders of this prestigious institution. I am grateful to the teachers and students for helping the team to bring out this magazine. Wish you all a pleasant reading.

# Well Begun is Half Done

True to the saying, 'Every new beginning comes from some other beginning's end,' the new academic session 2022-2023 began on 30 March 2022. The session began with thanking God for His innumerable blessings showered during the previous year and invoking His blessings upon everyone for the new scholastic year. Students took a pledge to abide by the rules, to be punctual, to respect and help one another, to keep the school premises neat and clean, and to extend full cooperation in taking the school to greater heights.

## STIMULATING THE MENTORS

SJS staff had an enriching one-day workshop in July 2022 on New Education Policy 2020 by a prominent personality Dr Anthony Joseph from Delhi. The main aim of this seminar was to impart the various methodologies to be used by a teacher to make the subject more interesting for the students. He emphasised more on innovative ideas which can bring changes in the life of students. According to him, a teacher should keep himself/herself updated according to the changing times, to help children to face or meet daily challenges in their life by trying to solve the problems. Teachers should be well-informed in respective subjects to motivate the children and also to create more energy to inculcate innovative ideas in themselves. To make the children talented in their field, a teacher should try to bring out their potential to achieve higher goals.

*Pledging to Begin Well*

*45 Years of Glorious Excellence & Tradition*

## BETTER TO BE SAFE THAN BE SORRY

On 17th April 2022, the CISF, Shaktinagar wing conducted a Fire Safety session and demonstrated many safety measures to be adopted during a fire hazard. To permeate more awareness on this topic an essay competition was also conducted and the winners were felicitated later.

## TALENTS HUNT COMPETITIONS

After the pandemic hit our regular academic life, our students had to be rejuvenated and motivated. An array of competitions was held from 28<sup>th</sup> July to discover the hidden talents of the students of various age groups. They participated in various events with much zeal.

## RAKSHA BANDHAN

The festival of Raksha bandhan is all about celebrating the bond of love and special relationship between brothers and sisters. It also symbolizes love and harmony between communities. In ancient times, priests used to tie this guarding thread to the king, later by Rani Karnavati to the emperor Humayun, by Alexander's wife to King Porus etc. Rakshabandhan was celebrated in the school to instill divine love into the students. Various cultural programmes were performed in the morning assembly by class 9-B and 3-A. They showed that trend is changing now and Rakhi is also being tied to those who help and take care of the society and protect our life like policemen, doctors, soldiers etc. Children cultivate good classic practices by seeing such programmes and the feeling of brotherhood evolves in them. Children, as a matter of fact, imbibe high moral values when they watch such programmes.

# 75 Azadi Ka Amrit Mahotsav

Independence Day was celebrated with full enthusiasm and grace on 15th August 2022. The ceremony started with the hoisting of the Indian Tri-colour by the chief guest Mr Gopal Dutt, the Commandant, CISF, NTPC, Shaktinagar along with Principal Fr. Archibald D'Silva. Various Cultural programmes based on "Azadi Ka Amrit Mahotsav" like patriotic songs, dances and a dance drama were presented beautifully by the students and an ambience of patriotism. Students delivered speeches in Hindi and English respectively outlining the importance of Independence, especially in this 75th year. The Chief Guest, Mr. Gopal Dutt, in his speech, motivated the students to love the country and respect its National Symbols. He expressed that nationalism is not a one-day affair of hoisting the flag but should be part of our day-to-day life. And the programme ended with a pledge to devote oneself for the country.

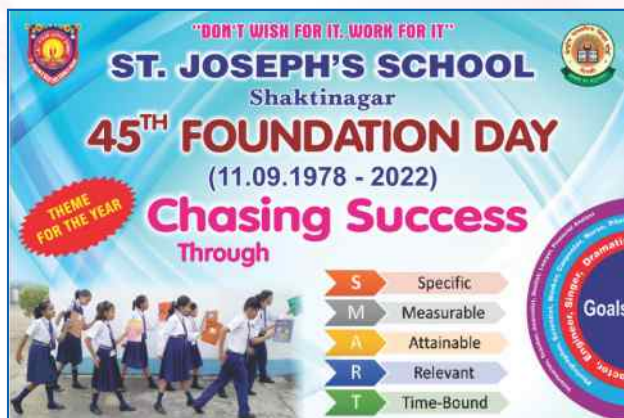

On 22 August, 2022 an Inter-school Debate Competition was held in the Aditya Birla Public School, Renusagar. The motion for the debate was 'News channels Break Rules to give Breaking News.' SJS was adjudged the First Runner-up team. The team was consisted of Adrija Ghosh, Divya Kumari and Kshitij Kumar Singh as speakers for the motion, against the motion and the interjector respectively. The prize for the Best Speaker against the motion was bagged by Divya Kumari. SJS Shaktinagar never fails to give opportunities and exposure to students so that they may excel in extracurricular activities too.

## AN EVOCATIVE TEACHERS' DAY

Teachers' Day is one of the most awaited days of the school academic year. The 5th of September is observed as 'Teacher's Day' in memory of Dr Sarvepalli Radhakrishnan and to honour his contributions in the field of education. It is also celebrated to remember all teachers in gratitude for their extreme commitment and efforts in building a civilised society. The children prepared cards fondly for the teachers.

The students welcomed all the teachers with enthusiasm and joy. The children of each class presented programmes with great pomp and show. Class 12 students took model teaching in all classes. It was a day of joy and happiness for both, the teachers and the students. Students presented various cultural programmes for the teachers and the Principal Rev. Fr. Archibald D'silva expressed his joy and immensely encouraged the teachers.

**The 45th Foundation Day of our School was celebrated with a unique theme "Chasing Success through SMART ways."**

**S - Specific**  
**M - Memorable**  
**A - Attainable**  
**R - Relevant**  
**T - Time-bound "**

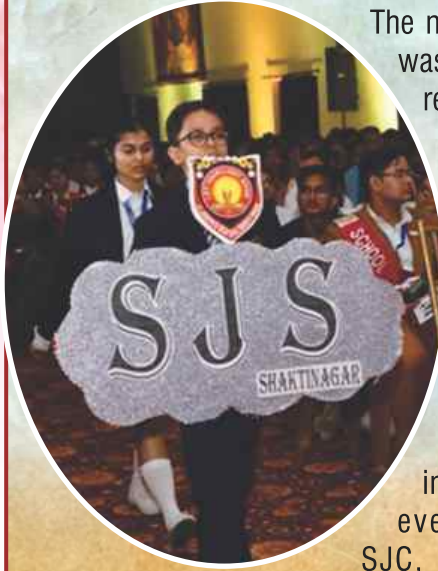

On Sept 11, a special assembly was conducted by the students of class 8B recollecting and cherishing the strong foundation laid down by the pioneers of our school. The legacy of the school has been enriched by their successors. Rev. Fr. Archibald D'Silva and Mrs. Sheela Varghese hoisted the school flag and the school anthem was sung on the occasion.

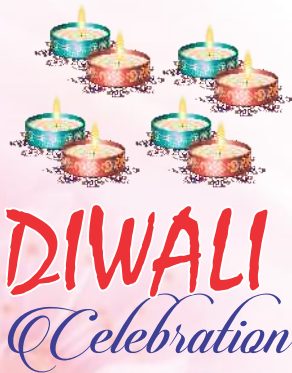

## JOSEPHEST 2022

The morning of 4th Nov at Prayagraj was different for us as we were ready to attend Josephest-2022. It felt like a dream for all of us. The heavenly atmosphere and the view from our rooms were very much captivating for each one of us. We had our minds set for the competition but were so terribly frazzled that we couldn't even sleep the previous night. From the infrastructure to the students, everything about SJS, Prayagraj was topnotch. We made up our minds and put our heart and soul into the competition. We got five medals in four events, which definitely upraised our confidence. It was indeed a time of self evaluation and exposure to new vistas and challenges. As stated by Bill Bradley, *"Becoming number one is easier than remaining number one"*.

By the participants

The festival of lights was celebrated on 21st October. A special assembly was conducted and the students staged a vibrant skit along with dance and song based on the important incidents from the life of Lord Ram. It was an evocative programme that ended with a valuable message from the school Principal.

*45 Years of Glorious Excellence & Tradition*

## It is Your Day Dear Children...!! Happy Day to You...!

On Nov 14, 2022, the school celebrated Children's Day with a lot of enthusiasm. Dance, drama and other cultural activities were performed by the teachers to make their day special. The students were spellbound to see their teachers in different costumes and they thoroughly enjoyed the programme.

## CONSTITUTION DAY

November 26th is observed as the Constitution Day to commemorate the day the Indian Constitution was formally adopted by the Constituent Assembly in 1949. The day was celebrated in the school with great fanfare. A special school assembly was conducted by class 7 B students on this occasion. A beautiful group dance highlighting the richness of Indian culture was performed and the group song by the students resonated with patriotic feelings. To reaffirm our commitment to upholding its ideology, the Preamble to the Constitution was read out and the entire school repeated it as a pledge. The Preamble Calligraphy Competition was organised for the secondary and senior secondary students. A large number of students as well as the teachers participated in the online competitions viz Quiz on Constitutional Democracy and Reading of the Preamble to the Constitution conducted by the Ministry of Parliamentary Affairs, the Government of India.

## PAINTING COMPETITION

## FAREWELL *Dear* MENTORS

In the year 2022, SJS had to bid farewell to two iconic teachers who had been shaping and carving the school into what it is today. Mrs Padma who joined the service in the year 1987 retired after 35 years of service to focus on her health. Mrs. Sheela Varghese joined in the year 1992 and gave her best 30 years of dedicated service to SJS. Both of them were hardworking and passionate teachers whose contributions to the institution will always be cherished.

## Cancer IS A WORD NOT A SENTENCE

On 1st December 2022, a well-known Lucknow-based national-level social organisation named Cancer Capable Foundation conducted an awareness session in the school. One of their representatives, Mr Om Prakash Mishra, explained how changes in lifestyle, over consumption of fast food, and increased abuse of drugs and tobacco products in changing times have contributed to deadly diseases like cancer. He also gave a thought-provoking message about the various types of Cancers and the precautions that one should take against them. Principal, Fr. Archibald D'Silva gave the closing message and then distributed pamphlets to the children. The foundation's representative later received the donation collected from the students.

## AN ENTHRALLING ANNUAL CONCERT

The sun was shingling down on tranquility, the glittering stars on the late evening dark blue sky announced the arrival of great evening. Yes, the long awaited evening arrived for SJS in the form of Annual Concert on 16th December 2022. A grant cultural programme **'THE WAR BETWEEN CONSCIENCE AND ME'** was marvelously composed and presented by the school. Highly esteemed guests had arrived in large number to be a part of this extravaganza. On this special day, SJS wholeheartedly welcomed The President, Rev. Fr. Louis Mascarenhas, respected Chief Guest Mr. Basuraj Goswani, ED, NTPC, SSTPS and First Lady of NTPC SSTPS Mrs. Jaita Goswami, loving guest of honour Rev. Fr. Thomas Kumar and the AGM, HR Mr. Bijoy Kumar Sikdar.

We all live in a world of war, conflicts chaos and confusion. Some time or other we find our conscience and our inner self are in war with each other. The programme effectively highlighted the values one should possess to active inner peace while living in a chaotic world.

The audience was made aware of students' achievements, in academic, curricular and co-curricular activities. The names of the meritorious students were called to receive certificates and medals from the Chief Guest. The theme, 'The Importance of Values', was brought out skillfully by the students through dance and drama. Moving towards the end of the programme, everyone was urged to carry the message that they had received to build the world a better

## Christmas The Festival of Joy & Love

"Glory to God in the highest heaven, and on earth peace among those whom He favours!" Christmas comes every year on 25th December reminding us the birth of Jesus Christ. On 21st December 2022 SJS celebrated Christmas with great pomp and show. The celebration began with a prayer dance by the students of classes 6, 7 and 8. The students of UKG performed a beautiful Santa dance. The stage was decorated with colorful balloons, flowers and stars. Melodious Carols were sung by the students of class 7. The life of Jesus was demonstrated through a skit which gave the clear message that God became a man and dwelt among people. An inspiring and thought provoking message was given by Rev. Fr. Stephen Joy. He said that Jesus came to the earth to unite all the people and to bring peace, joy, hope and love. We are the children of God and should have the feeling of mutual love and brotherhood.

## QUIZZING : MAKE IT A HABIT

During the sessions 2021-22 & 2022-23 our students performed well in different Quiz competitions.

One of the most prestigious competitions was Medha Pratiyogita organized by the NTPC in which hundreds of

teams from all the projects all over India participated. From SJS, Srijan Kapoor & Ayush Mukhopadhyay became runners up in Senior Group and Anaya Singh & Anubhuti Kumari got 4th place in Junior Group at the National Level held at PMI NTPC, NOIDA

Tarang Gupta, Srijan Kapoor and Ayush Mukhopadhyay after securing 2nd place in the Elimination Round secured 8th place at Zonal Level of CBSE Heritage India Quiz held at Varanasi. In Indian Navy THINQ Quiz Competition Tarang Gupta & Srijan Kapoor reached up to the Quarter Finals after being successful at the first two levels.

*45 Years of Glorious Excellence & Tradition*

With the unfurling of the National Flag, the school celebrated 74th Republic Day in a befitting way. On this day, the students were briefed about how India became a constitutional democracy with the noble ideals of equality, fraternity, social justice and secularism.

## SOCIAL RESPONSIBILITY PROGRAMME

Social responsibility is an ethical framework in which an individual is obligated to work and cooperate with other individuals and organizations for the benefit of the community that will inherit the world that individual leaves behind. As a part of this institution, SJS teachers like Mr. C S Joshi, Mr. Prakash Marandi, Mr. Nigin Paul, Mr. Anthony Langan, Mrs. Suma Boney and Mrs. Anita Joshi donated blood for the needy patients. On 10th September, our Principal, Fr Archibald D'Silva along with Sr.

Gracy, Sr. Paulina and a few other teachers distributed bags, water bottles and study materials for the economically weak students in Asha Kiran School, Raj Kishan. Students contributed Rs 44762/- for the cancer patients. On the occasion of Christmas, all the sisters distributed cakes and snacks to all the labourers working in the sanitation department of NTPC in order to share love and joy with them.

*45 Years of Glorious Excellence & Tradition*

## SILVER JUBILEE CELEBRANTS

A Jubilee is a celebration of the life, rather than happening every year. Working 25 long years for an institution is regarded as dedicating one's entire life for the growth of the institution. This year, Mr. Simon Patric and Mr. Puran Herenj completed their 25 years of dedicated service. On 16th of December, during the Annual Concert, Rev. Father Louis Mascarenhas and Rev. Father Thomas Kumar honoured Mr. Puran Herenj and Mr. Simon Patric respectively. Both of them were given silver mementos as a token of appreciation for their devoted service.

## CHANGE NEEDED WITH TIME

A seminar on National Education Policy (NEP 2020) was organised from 10th to 13th January 2023 by some of the staff members of S.J.S. for teachers of L.K.G. to class 8. Various topics were discussed such as the main objectives of NEP, and key differences between the existing system and the NEP 2020 recommendations, principles and outcomes of NEP 2020, Early Childhood Care and Education (ECCE), Foundational Literacy and Numeracy (FLN), recommended

Pedagogy and role of teachers. For a better understanding of the matter, relevant videos were also played. The four-days programme concluded by the screening of a motivational movie 'Matilda', and a questionnaire was enthusiastically answered by the participants.

## Creative Art Competition

*This year the school added more creative competitions such as Rakhi making, Card making and Diya decoration as a part of Art Integrated Learning. Students exuberantly participated to show their talents. Winners of all four groups were announced and rewarded thereafter.*

## FRUITS DAYS – KIDS' WORLD OF YUMMY JUICY FRUITS.

A child is like a butterfly in the wind. Some can fly higher than others, but each one flies the best it can. Each one is different, special and beautiful. Children are the best of God, they spread joy in every season. In order to grow creativity, SJS organized Fruit Days for the little children of LKG and UKG. It was for the school's commitment to promote vegetables and fruits and whole grains on every part of every menu. The school celebrated Mango Day and Banana Day to make the children aware that food is not only about taste but it is also about healthy living and of choices that can impact the whole life. Keeping in mind health and hygiene, the little children celebrated a global Hand Washing Day to train themselves the best way to wash their hands and stay safe from contagious diseases.

## बिजली बचाओ...

उत्तर प्रदेश सरकार द्वारा प्रचारित 'बिजली बचाओ' कार्यक्रम (29-07-2022) के अंतर्गत विद्यालय के छात्रों अभिज्ञान, अमिल भट्ट, अथर्व तिवारी, स्नेहा, अनिष्का, चिन्मई, राजनन्दिनी, प्रिया, लिज्ज्योत्सना, मुस्कान, अशिता शुक्ला, जाह्नवी, तृषा सिंह, त्वेषा ठाकुर, खुशबू, सीजन, अनन्या, अनुष्का, अनन्या मिश्रा, जिज्ञासा कौशिक, तनिष्क सेठ, प्रकृति वर्मा, स्नेहा शाह, आइभा, जागृति, सान्या, भुक्का, गगनदीप, नाहिद खान, स्नेहा, नवनीत अदिति ने एनटीपीसी के संयुक्त तत्वावधान में बिजली संरक्षण विषय पर केंद्रित नृत्य नाटिका एवं प्रधानमंत्री कुसुम योजना पर आधारित नुक्कड़ नाटक की प्रस्तुति दी। बिजली बचाओ कार्यक्रम का सजीव प्रसारण व विद्यार्थियों से प्रश्नोत्तरी के माध्यम से नुक्कड़ नाटक एवं नृत्य नाटिका से संबंधित चर्चा रेडियो ऊर्जा 89.6 FM पर दिनांक 1 सितंबर 2022 को किया गया।

## हिंदी दिवस

हिंदी दिवस समारोह 10 सितंबर को आयोजित किया गया। कार्यक्रम में मुख्य रूप से कक्षा 7-स के विद्यार्थियों ने सहभागिता की। हिंदी गीत आन्या, जिज्ञासा, व यथार्थ ने प्रस्तुत किया तो ममता लोधी और यश विश्वकर्मा ने हिंदी भाषण के माध्यम से हिंदी भाषा का परिचय कराते हुए उसकी महत्ता को रेखांकित किया। ईशानी, एंजल, अंशिका, वैष्णवी और ऋचा ने मोहक नृत्य की प्रस्तुति देकर मंत्रमुग्ध कर दिया। अंत में हिंदी शिक्षक व कार्यक्रम संयोजक श्री मायाराम गुप्ता ने काव्यपाठ द्वारा हिंदी की महिमा का बखान किया। संचालन अनुष्का यादव व नवनीत गिल ने किया। प्रधानाचार्य फादर आर्चिबाल्ड डिसिल्वा ने प्रतियोगी विद्यार्थियों को पुरस्कृत करते हुए कहा कि हिन्दी की उपयोगिता को दृष्टिगत रखते हुए साहित्य अध्ययन में भी छात्रों की अभिरुचि वांछनीय है।

## सतर्कता जागरूकता सप्ताह

केंद्रीय सतर्कता आयोग भारत सरकार द्वारा 'भ्रष्टाचार मुक्त भारत विकसित भारत देश' विषयक सतर्कता जागरूकता सप्ताह-2022 का आयोजन किया गया। इसके अंतर्गत स्कूल में सभी छात्रों और शिक्षकों को सत्यनिष्ठा की शपथ दिलाई गई। प्रतियोगिता संयोजक डा. योगेंद्र वरुण शंकर तिवारी जी ने बताया कि हम सभी को सदैव पूर्ण तत्परता के साथ सत्यनिष्ठा के मानदंडों को अंतःकरण में आत्मसात कर स्वयं शुचितापूर्ण व्यवहार करना है और जागरूक रहते हुए, भ्रष्टाचार मुक्त भारत की संकल्पना को साकार कर विकसित राष्ट्र के निर्माण में अपना बहुमूल्य योगदान देना होगा। एतदुपरांत विभिन्न कार्यक्रमों का आयोजन आरम्भ हुआ एवं विद्यार्थियों ने प्रतियोगिताओं में सहभागिता की।

# 75 GLORIOUS YEARS OF INDIAN INDEPENDENCE

It is a matter of great joy and pride for every Indian to be a part of the commemoration of 75 years of Indian independence. It was the dream of the freedom fighters and patriotic nationalists to liberate India from the shackles of foreign yoke. They were triumphant and the freedom they cherished was the outcome of a very long and hard struggle binding lakhs of Indians who were ready to sacrifice their life for the noble cause. They were focussed to the core and the martyrdom of many brave sons of Mother India fetched the long-awaited freedom. *India's growth from such a sorry state of affairs to the present stature is phenomenal.* It is an astonishing fact that the impoverished and brutally exploited nation has emerged as a major economic power in the 21<sup>st</sup> century. The credit for this transformation is attributed to the experienced political leaders, the efficient bureaucracy and the common people who have been rendering their unflinching support and co-operation to take India to the pinnacle of glory.

## Hopeful Prospects

Over the years India has progressed in leaps and bounds in agriculture, industry and service sectors through meticulous planning and proper execution. From the position of an importer of food grains at the time of independence, India has achieved self-sufficiency and emerged as a major exporter of many commodities. During the last 30 years, India has made remarkable advancement in the industrial sector due to the liberalisation policies initiated by the government. The service sector which was lagging behind has witnessed exponential boom bringing about revolutionary changes in the infrastructural framework of the nation - be it education, health, transport or communication.

India is emerging as a trend setter. The standard of living of the people has been steadily improving. Due to various schemes of employment generation and poverty alleviation, changes are visible in many areas. The quality of life of the people has been on the upward move thanks to the better jobs and higher incomes ensured by the government. Even the marginalized has become the beneficiaries of the various welfare schemes. The vision of an India with zero homeless zero poverty can be fulfilled if the political class has the will power to make the desired change. One of the invaluable assets of India is her educated youth. They have the potential to take their nation to greater heights of glory. The higher educational institutions have become centres of excellence with research facilities. It necessitated the need

for better avenues and opportunities for the Indian youth. Lack of opportunities triggers the problem of brain drain to a great extent. Surely India can benefit a lot and prosper if their creativity and ideas are channelised for the nation's advantage. The youth, the knowledge power house of India, can bring positive changes in the right direction if they are nurtured and trained properly. In the fields of scientific developments and technological advancements our nation is proving her mettle through various innovations, launching of satellites, Mars mission, mission to Moon, etc. But we have miles to go in these areas and there is no scope for complacency. Indians have to redouble their efforts and go the extra mile to be unparallel.

## Crucial Areas Which Need Attention

When India celebrates the diamond jubilee of her treasured independence, there is no place for cultural parochialism, linguistic chauvinism, inhuman caste discrimination and brutal communal violence in any part of the nation. These are the forces which push India backwards. When the Indians are determined to march forward, these retarding forces should be curtailed and not be allowed to proliferate. It is the solemn duty of every Indian to take a pledge not to be a victim of these vicious forces and should be resolved to fight against these divisive elements.

In the areas of economic equality, social justice and women empowerment our nation has to improve a lot. Effective steps should be taken to reduce the concentration of wealth in a few hands. Status of women can be elevated through education and by creating opportunities for them to showcase their potential and talents. A classless society where all are treated alike is the dream of our constitution makers. The political class should leave no stone unturned to make sure that each and everyone enjoys equal rights and leads a life of dignity.

Development will be real when its fruits are reaped by everyone equally. The cherished ideals of the nation can be made a reality if its citizens have the indomitable spirit and the will power to work together. The pluralistic Indian society can sustain only if the people are open minded and ready to accept and accommodate diversity. They should promote the spirit of harmony and brotherhood amongst all the people of India. Without any doubt we can reiterate that our nation can constantly rise to higher levels of endeavour and excellence if all strive towards eminence in all spheres of individual and collective activity.

**Mr. JIMMY THOMAS**

*45 Years of Glorious Excellence & Tradition*

## THE BRAVE WARRIOR

Befriending death with a  
gush of young blood,  
Left family to sacrifice for motherland.  
Rifles in hand,  
Move in band  
Brave all day, brave all night  
Learn to save and to fight.  
Iced feet scaling every feat,  
Would make us to treat.  
Borders lined along their length,  
Decked up with faces of strength.  
Do, Die or kill,  
In the heart they fill.  
Came home wrapped in tricolour,  
Teary eyes bid this brave, a farewell.  
Lit in patriotic flame,  
India remembers this holy warrior..!

*Somya Medha (Ex-Josephite 2016)*

Setting one's heart on owning a startup and intensifying it to such an extent that nobody would have ever imagined it to be. Yes, that's what we Gen Zs are longing for. In the past few years, we have seen a whopping rise of 66% in startups, and in the year 2021, we got 44 new companies valued over a billion dollars, and in 2022 it was 21 companies. Also a new reality show 'Shark Tank' came into action which all together just skyrocketed the wave of entrepreneurship in India.

Observing the current scenario of our country where jobs and seats are limited we must not always choose the path others take rather try experimenting with something new and innovative. This is possible only if we change our orthodox life and try using our potential in a positive direction towards creating new ideas and jobs. We must think in a positive way. After all, we've nothing to lose and we have just got one life to achieve something big.

When it comes to owning a startup it seems fascinating and easygoing. That's because, we see the stories of successful entrepreneurs on our screens. In reality, it takes up their day and night to build the organisation from scratch, but we shouldn't back off just because it's difficult to achieve as the amount of hard work will be finally worth the value we add to the lives of people.

# AMBITIONS FOR FUTURE

“Space is one of the few fields where India has owned the recognition it deserves.”

With time, the Indian Space Programme has proved the importance of Space Technology for the common man. In this article, we look at the expected missions ISRO has got planned for the coming era, and how we are different from other well-known space agencies across the Globe.

**1. Gaganyaan :** This Mission was originally planned to take place this year on the Azadi Ka Amrit Mahotsav. Unfortunately, the date was delayed due to reasons caused by the pandemic. Its final launch would take place, after a series of unmanned trials in the year 2024, If we are successful, this is going to be a historic achievement for us as India will become the fourth nation to send humans to space on its own (after the US, Russia and China). When I say on its own, I do mean it. We have got everything prepared indigenously—from the Launch vehicle to Crew Module. We are only relying on other countries for spacesuits and training of “Vyomanauts”. ISRO has no experience in sending humans to space, so Gaganyaan is indeed going to be challenging. I believe that if ISRO further postpones the launch date, it is reasonable. After all, it is a matter of human lives.

**2. Aditya L1 :** This is a planned Coronagraphy Spacecraft aimed at scientific research on the Sun's atmosphere. It would mainly study solar magnetic storms, which can have a great, disastrous impact on the Earth. It is to be placed as a comprehensive solar and space environment observatory at the Lagrange point L1 in a halo orbit between Earth and Sun. Aditya L1 is to be launched by the first quarter of 2023.

**3. Shukrayaan-1 :** Motivated by the success of interplanetary missions Chandrayaan and Mangalyaan, ISRO is planning to launch a mission to the Earth's twin, Venus, by 2025. It would study the surface and atmosphere of Venus. An interesting aspect of this mission is that ISRO is going to do the same job as NASA would do in 2028-29 at one-tenth of NASA's cost.

**4. Chandrayaan-3 :** This is another attempt by ISRO to send a rover after the failure of Chandrayaan-2 to do the same. By the way, Chandrayaan-2 should not be seen as a complete failure. Chandrayaan-3 would be a re-attempt to demonstrate our landing capabilities needed for the Lunar Polar Exploration Mission, proposed in partnership with Japan in 2024.

“Space is one of the few fields where India has owned the recognition it deserves.”

**5. ISRO's Space Station:** The most ambitious among all these programmes is to set up a space station of our own! No, we are not going that far. Building a space station like the ISS (International Space Station) will require a lot of capital investment. So we are going to have a small one— small module aimed to carry out microgravity experiments. It can be thought of as an extension of the Gaganyaan mission. It will be fixed in a 400-kilometre orbit (Low Earth Orbit), where astronauts might stay for up to 15-20 days. ISRO does not want to contribute to the ISS, rather it aims to have a separate space station. This project certainly requires time and is expected to take place after 2030.

Where are we?

Many people tend to compare ISRO to NASA. But we need to understand a few things. A

major factor is the budget. When we consider the budget allotted to NASA by the American Government, it becomes apparent how NASA can launch so many missions as if they were a cakewalk. NASA has a far better infrastructure and technology than ISRO. Nevertheless, we are better than NASA when it comes to efficiency, resourcefulness, and cost-effectiveness. ISRO does several similar missions at a fraction of other space agencies' costs. If the budget of the Department of Space is increased by the Government of India, ISRO will get a lot more opportunities to carry out more such missions and to expand the scope of space technology. “This is not the era of Competition, this is the era of Collaboration. Countries need to come together for Humanity to progress in its truest sense.”

*Ekashman Tiwari (11 A)*

## CYBER CRIME

### A THREAT TO SOCIETY

Modern world is incomplete without internet. We use it in our daily life. But as we can access everything on it, people out there can also use it as a medium to get into our personal life.

People use computer to access internet but don't know how to access it safely. As the saying goes "prevention is better than cure", we all shall adopt the measures advised by professionals. This is what we call 'cyber safety'. One single vulnerability is all that the attacker needs. Be safe. The hacking system is armature but the hacker is a professional!!!

## STRUGGLE OF DECISION

*Seeing through the sheds  
direct into the sky  
Somewhere lost in my hopes  
what to do and why ?*

*At the fork,  
with so many ways ;  
don't know where  
it leads on to way.*

*Decision is tough,  
destination unknown;  
Locks are there ,  
Keys are more ;  
Don't know,  
which one is made  
for what ?  
Have to fit every segment  
to know.*

*Made dream and passion same ,  
why couldn't find the route  
which leads to them ?*

*Oh! What a stage of age,  
some responsibilities, some abilities  
some dreams, but different  
Ways have to be converged  
and find routes, which lead to perfection.*

## *Dream Big*

Lily was a little girl, who was shy and reserved. But she enjoyed playing soccer. Her friends and classmates ridiculed Lily for her interest in soccer. Nonetheless, she was determined to pursue her passion and became a successful soccer player. Every day, after returning from school, Lily quickly finished her homework and practised soccer. Her mother understood the love Lily had for the sport and supported her in every way. When inter-school competitions were announced at school, Lily decided to participate. She took part in selection trials, and her classmates mocked her once again. But they were shocked when Lily performed well and judges selected her to represent the school. Lily's commitment and hard work muted everyone who mocked her. Moral of the story: Determination, strong will and focus can help you achieve even the toughest of goals.

Tanisha Jha  
Class- 5A

## **My Solace**

Whenever I feel happy or sad  
It's always poetry in my heart.  
Writing my poems and,  
Contemplating under the trees  
All my tensions get released.

While sitting or playing  
While eating or praying  
While walking or talking away  
Just poetry all the way.

In my life poetry as my friend  
Will never allow me to bend.

With my poetry - power  
I will shine like a star.  
Away from this world of  
conflict and crime  
Just poems all the time....

## WISH I WERE MY BLUE KITE

On a clear afternoon, I was flying my blue kite  
 Meanwhile, I realized,  
 How breathtaking it would be to be in the sky!  
 Relaxing, astonishing, and no reason to cry.  
 I would feel the hug of heavens  
 Not to mention, no dangers  
 of any human-made weapon.  
 I wish I were my blue kite  
 Loving the reach of the extending height.  
 No worries, no agonies  
 And my mind would be as clear as the afternoon,  
 Floating in the sky singing my own tunes.  
 But deeper I thought;  
 I learned I would be controlled!  
 Contrary to everything I myself told  
 Oh ! Unloved and alone,  
 And gradually torn or blown.  
 Light, weak and fragile!  
 Qualities I don't want to be mine  
 This thought did not end up being so light  
 I learned everything that's mine  
 Is beautiful and whosoever I am, I am just fine!

*-Anishka Baisoya (10 C)*

## MY KINGDOM

From learning of theories  
 To lots of new memories.  
 This year just vanished away.  
 Far away from the reality  
 I was busy in my own dynasty.  
 Instead of having some maturity  
 We tried to be someone's priority.  
 Stupid thoughts kept creeping in my mind,  
 But the charming days gave me new hope to shine.

*Tirath Prasad Bediya Class- 9'B'*

## THE MOON

I have many things to do  
 But I don't want to do  
 I shine in the sky with stars  
 I am happy all the time  
 I am the Moon!  
 I am white,  
 I don't have eyes  
 I don't have nose  
 And I don't have mouth  
 But I can see everything  
 And I am the Moon  
 I live in dark  
 And darkness is my friend  
 So I like the night,  
 I am the Moon!!

*Niranjana T S 3 B*

## MY FRIEND

Sometimes I just feel so lonely,  
 I want to hug the stars.  
 Or I could even bend with  
 the dandelions in the breeze.  
 Sometimes I cry with the gloomy rains,  
 or be angry, like the red-hot sun.  
 While on a weekend, on the beach,  
 I feel the sun kissing my rosy cheeks.  
 While, just after the rains,  
 I take a walk, in the cold breeze,  
 I feel the blessings of the mystery sprays.  
 I don't have many friends, but I have many.  
 For the whole world is my friend,  
 but still don't have any.

*Vandana Dewangan (9 A)*

## BODY SHAMING: CURSE TO OUR SOCIETY

You all might have heard people comment like "Look she is so dark ,she should go to a parlour" or "Didn't you have Complan in your childhood?" Most of us are potential victims of body shaming. So, here the question arises what is body shaming? Body shaming is one of the most widespread occurrences of expressing cruel feedback when our bodies don't meet the unrealistic beauty standards set by our society. Having subjected to body shaming, we tend to spend most of our time lost in negative thoughts, despising our body and comparing ourselves with others based on beauty stereotypes. In a survey among the adolescents, more than 59% of females and 29% of males are trying to lose weight or gain height to match the stereotypes set by others. Our age group is vulnerable to this issue due to the inability to differentiate between right and wrong and the strong influence from social media and celebrities. The

point is, why can't a person be fat and beautiful? People who are often body shamed are told that their body is ugly but body cannot be ugly. Bullying, shaming & mocking are the ugliest and uncivilized behaviour!

Today's society has turned any human body style ( fat, thin, short, tall, dark ,pale ) into unbearable insults for a person . How can a number on the height scale or weighing machine determine our self worth? If you say it can, then it will lead to a vicious cycle of self criticism and judgment, creating a negative impact on the whole self, forcing a person to lose his self confidence, self respect and sometimes even leads to extreme depression.

We all know that everyone is different. But why do we fail to realize that every BODY is different and that's what makes it unique? People are body shamed not only by strangers but also by their family members and friends. Being short or tall or fat or thin isn't the worst aspect of a human being. It is better than being shallow, jealous, violent and inhumane!! We do not have any right to disgrace God's marvelous creation. Life is already short. Let us make it beautiful.

SHREYANSH SINGH  
Class 6B

# LIFE

Life is a rhyme  
Only one at a time  
It gives us mysteries  
That are beyond the histories  
It tells us the truth  
That is important for youth  
We don't know what is going to happen next,  
But we have to pass every test  
We should be careful  
Lest we would never become successful

Shiksha Singh 6C

*45 Years of Glorious Excellence & Tradition*

## PICNIC PRAYER - FORGIVE OUR SINS...!!

As I climbed up the beautiful hill  
A cool fresh air encompassed  
And embraced me altogether.  
The Sun's warm hands held me closely  
Through the leaves of trees beside.

The blossoms hugged me with  
Enchanting delicate aroma mixed.  
Cuckoo or Myna? A captivating sweet,  
Melody filled the golden farms down the hill.  
And I felt at the lap of my mother!

But the sweet song abruptly ended  
As if it were threatened by a monster  
Suddenly I felt the breeze too ceased!  
From a soothing warmth to a copper heat!  
The upchucking stink of garbage around  
Is felt above the delicate floral scent.

Why? Did the nature take me for prodigal?  
Unworthy to be entertained and cuddled?  
I wish if I could shout and say  
'Mother, I'm not with those butchers  
Slaughtering your siblings mercilessly'.

Yet I kept mum; head bowed down  
With the burden of shame and sin  
Of my fellow beasts, cruel and crazy.  
Knowing men do sport a mask  
And masquerade a Cain  
who killed his own brother.

I stopped there and prayed,  
"Mother, forgive us our sins,  
Do not bring vengeance upon us as we sin,  
Against you, the most loving.  
Give us our daily bread  
Forgive us all our trespasses.  
For thine is the time,  
Power of life and peace  
Forever and ever..!"

**Aline Serah Martin (7C)**

## MY NATURE

As we row down the cooling river,  
We feel the river the peace giver  
The leaves of trees shimmer,  
With bright Sun's glimmer.  
The flowers blossom,  
The sight so awesome  
The birds chirp so sweet ,  
The farms filled with wheat.  
For satisfying our need,  
But we engross in our bad deeds  
Millions of trees are cut,  
Yet we are mute and not annoyed.  
Mother Nature remains the provider,  
But we are the destroyers  
Someone said it right,  
To protect nature  
we should tighten up and fight.

## An Anthology

Pragati Chaudhary (9 B)

I'm terrified of your breaths as they come and go,  
As they flutter over my face and how they flow;  
When they warm me in a room,  
like a fairy just flying over me;  
Sprinkling all that I couldn't hold in my hands,  
And taking with her my most precious pearls.  
And across the room, I'd look at you,  
My fingers buried into a book,  
Flipping the crinkly pages, as if chapters in a lifeless life,  
And a coffee to keep me awake till midnight,  
To look at you, my eyes;  
But you only care to build a home,  
Or play with that little lingering joy,  
That keeps flying away from you to the distant place,  
The one that the fairies take away from the others too;  
Or cook what will be in me tonight,  
To satisfy my tastes and look at me lick the silver spoons;  
As if that's all that you can ever do;  
And think of what my ears will like,  
When I lie in bed and let out a sidled sigh.  
Though yes, I guess it's fair,  
Because it's me and only me,  
Who should be caught in this maze of white and grey,  
A maze made for the yearning of meagre maize,  
I'm terrified of how much they can hold, Your breaths,  
And how easily they can let go.  
And it is only when they stop,  
That I can breathe again once more.

## A Flower

Look at it - a subtle whisper  
Blooming beside you;  
A triggered trespasser  
Humbly halts, and blows  
A smoke of silt and salt;  
The sea sides with whom  
It knows to return for sure;  
A man miles above in the sky,  
Spots a soaked brown roof;  
Through the window,  
Lies a child unknown to  
The carved curse of its own;  
A witch buried years ago,  
Looks - through a thought -  
At the little lively thing;  
And a woman crouched,  
Reaches out to it,  
With a subtle whisper  
A blooming flower beside her.

## Dream

I do not see much; the way others do,  
But I appear a lot, unlike the way they do.  
And I make them feel, what I cannot,  
They bid me farewell, with tears or what not.  
I live in their heads, but not forever,  
I come only in bed, with a little to linger upon.  
And they, their minds, see me  
The way I make them to, with a tiny  
Gift that I hide at the back.  
And unless they look into it,  
It's not at all so vast.  
Because what else can I do,  
But play with their minds,  
For I'm only a dream,  
That comes to them once in a while.

## Dear Diary...

There is a beautiful rose garden near my house. My friends and I had gone on a short picnic to the park. We reached there at 10 am. There were beautiful fences around the park. There were so many different kinds of trees and beautiful flowers, some of the flowers were violet, red, and pink and looking very beautiful. There were so many children in the park and all were involved in different kinds of playful activities. One of my friends was running on the jogging track. We also played football, rode bicycle and listened to music. There were so many zigzag roads in the park on which we moved around the park. We all enjoyed our picnic so much.

**AARIN NARAYAN (4-B)**

## COVID -19 PANDEMIC

When we think of 2019 it feels like it was just yesterday when life was normal, no pandemic, no mask. It is like we spend those two years in the blink of an eye. Covid-19 was a deadly pandemic in which virus spread from a person to another primarily through air contact. It is an acronym derived from 'Novel Corona Virus Disease 2019'. It had affected millions of people. Now the emphasis is on taking extreme precaution like wearing a mask and social distancing. In times like this, hope is a powerful force and mankind must stand united in this struggle and life will surely triumph.

**JAHNAVI PANDEY (8-B)**

## WHY BEING SO SELFISH?

Aren't trees giving us life?  
Aren't trees the creation of God?  
Aren't we being so selfish?  
Taking their life for our self wish.  
We can't imagine our life without trees  
Without them death is sure for us

Their existence plays a very important role  
They sustain every single soul.  
Let's always remember one thing  
Every living being is the craft of one Potter.  
If we can freely breathe in this world  
Why can't trees also come in the same fold?

Smriti Singh 10 c

*45 Years of Glorious Excellence & Tradition*

## BECAUSE I MISSED THE LIGHT

A little canary in a cage,  
sunshine it was  
wore a crown on head  
and rosy cheeks it had  
My cage was beautiful  
always filled with grains  
In my backyard I stood  
I peeped out of my cage  
There stood a tall mango tree  
The birds flew high up  
pecked on the fruits  
They all cheeped for me  
I jumped a bit  
and away they flew  
Touching the sky  
Where are my wings?  
Oh! clipped for my safety  
This is my home I know  
But why do I miss the light?  
My master was kind  
loved me to infinite  
called me Toto  
fed me to gain weight  
yet it never felt great.  
The house was bright  
full of colourful light  
Yet I missed the light.  
Everything I had  
this was my life  
Why I missed the light?  
Seasons changed,

but spring never knocked at my cage  
I wanted to be free,  
climb up the tree  
chirp with the birds  
chat with the clouds  
and chase the morning sun.  
Should I break the cage?  
But I was frail  
what if I fail  
my wings are clipped  
I might fall off the cliff  
What if I die?  
Is it worth the fight  
Yet I missed the light.  
This is my only home  
Let's live in comfort zone  
Maybe I can never fly  
I can't touch the sky  
I had no wings to fly  
but my hope said to try.  
With hope I hopped out  
Chasing the light  
In wilderness, sunlight so bright.  
To my destiny unknown  
in search of my home  
where my heart lies  
Because I missed the light.

*Miss Shraddha Kumari*

# THE PARK

I jogged and walked  
On the velvet grass,  
It felt as if walking on soft clouds!  
The sky was sapphire and  
the ground was emerald  
Beautiful little flowers  
attract butterflies  
The colourful bunch of flowers,  
a treat for bees  
The sweet smelling flowers  
Quenches the bees with nectar  
A garden full of flowers  
is a feast for all.  
It kicked a spirit of joy in me.  
I jumped and ran  
with all my might  
Up the ladder  
And down the slide  
A merry go round, a toy train,  
Let's take a ride.  
I chased the bee  
I stumbled, yet happy and safe.  
Environment is meant to enjoy  
We should not break it like a toy.

*Artika Pathak (3-C)*

# LIFE IS LIKE MATHS

Emotions are like numbers,  
Starting at a neutral point,  
And then going on infinitely,  
In both positive and  
negative directions.  
Experiences are  
like equations,  
Just add or subtract  
some familiar numbers,  
And multiply and divide  
Some variables,  
And you got a unique one.  
Equality is like algebra,  
You can solve the problem,  
If you do everything equally,  
To both sides.  
Intuition is like square  
root of a negative number,  
It's imaginary but sometimes,  
That's the only way to  
get an answer.  
So, just go for it  
Life is like Maths, it's confusing,  
But there's gotta be an answer,  
Someone please teach me,  
How the hell to find it

*Pushpendra (11 A)*

## ROBOT : INTELLIGENT PIECES OF METAL

When we think of Robots, we think of human-like metal monsters from science-fiction movies. Robots are mostly seen as destructive and intelligent. However, the robots we see in real life are completely different and nothing like those we see in movies and TV shows. The word "Robot" is derived from a Czech word, *robota*, invented by the Czech playwright, Karel Capek, which means 'forced labor'. A robot is an intelligent computerized machine which can carry out mechanical tasks. Robots are used for doing jobs which are dangerous or boring for humans to do. Jobs like firefighting, bomb diffusing and so on. We use robots as people risk their lives doing these jobs.

There are different kinds of robots. The most common ones are the single-handed robots used in factories. These robots simply repeat a task that has been given to it. For example, painting car parts, fixing nuts and bolts are done by robotic machines. Nowadays, the engineers are developing much more sophisticated and complex robots. These robots can move around, and their electronic detectors enable them to sense their surroundings. They can also respond to what they see and hear and make decisions for themselves as they have artificial intelligence. Intelligent robots are designed to act as guards and firemen and protect humans from any danger and help them.

*Udabhav Shroff (8 B)*

## BOON BEING A GIRL

*I wish to fly high, for it's my joy,  
Let me know how high I can fly.  
I'm flawless; I'm awesome!  
With the days passing let me blossom  
Stop being judgemental  
Open the door, let me fly high,  
You know the sky is my limit!!*

*Shivantika Srivastava LKG C*

# Distractions in a Student's life

*'You can't do big things if you're distracted by small things'*

Distraction, which prevents someone from giving their full, is a part of being a human. Humans are constantly being distracted from their aims by social media and entertainment industry. Social media have greatly impacted students' behaviour and their ability to learn. Students are frequently using social media as a platform for a variety of activities. Studies have shown that the symptoms of social media addiction can be manifested in mood swings, lack of cognitive skills, physical and emotional imbalance, and psychological problems. Distractions are something that affect people all the way from the classroom to the dinner table.

Distractions and diversions are the worst hindrances in a student's life. Always remember that distractions are pulling us away from our real life goals. As students, our main aim is to perform well in academics along with a holistic approach to our well-being. Individuals with social media addiction are often overly concerned about silly things and are driven by an uncontrollable urge to log on and spent time on social media. Sleep deficit, anxiety, stress, and depression are associated with internet overuse. They have been related to mobile phone usage too. Let none of these distractions come between you and your aim.

*Stuti Tiwari (8-C)*

## स्कूल माहात्म्य

भारत देश की गौरव गाथा में जिसका अवदान है।  
संत जोसेफ स्कूल की महिमा सुन लो बड़ी महान है।।  
सन 1978 में शक्तिनगर धरती पर आया।  
तब से आजतक शिक्षा से इसने देश का मान बढ़ाया।।

रोमन कैथोलिक डायसिस द्वारा होता इसका प्रचालन।  
एनटीपीसी शक्तिनगर की धरती ने पाया नव-यौवन।।  
सीबीएसई नई दिल्ली का आज बना यह शान है।  
संत जोसेफ स्कूल की महिमा सुन लो बड़ी महान है।।

छात्रों के चहुँदिसि विकास को इसने अब तो ठानी है।  
सोनभद्र क्या यूपी में भी नहीं कोई इसका सानी है।।  
बौद्धिकता आत्मिक विकास को संबल देना इसका काम।  
अंग्रेजी माध्यम से सहशिक्षा में बढ़ाता अपना नाम।।

बोर्ड परीक्षाफल से बढ़ता प्रति शिक्षक का मान है।  
संत जोसेफ स्कूल की महिमा सुन लो बड़ी महान है।।  
फादर आर्ची की लीडरशिप में इसने उत्थान किया।  
'द वार' वार्षिक उत्सव का तो जन जन ने गुणगान किया।।

शिक्षा रूपी इस उपवन की ज्ञान सुगंध बढ़ानी है।  
मस्तक इसका गगन चुमाने को हम सबने ठानी है।।  
श्रद्धा शील विनय का इसको नहीं कोई अभिमान है।  
संत जोसेफ स्कूल की महिमा सुन लो बड़ी महान है।।

परमपिता परमेश्वर जैसे हैं हम सबका पालनहार।  
उसी तरह संत जोसेफ अपना है हमको प्राणों से प्यारा।।  
अनुशासन की आँच में तपकर बच्चे बनें खरा सोना।  
अपडेटेड शिक्षा को पाकर संस्कारों को मत खोना।।

'तनय' के एसजेएस की अंजुलि करती शिक्षादान है।  
संत जोसेफ स्कूल की महिमा सुन लो बड़ी महान है।।

**डॉ० योगेंद्र वरुण शंकर तिवारी 'तनय'**

## सोचो अगर...

सोचो अगर नष्ट हो जाए यह पर्यावरण, सोचो अगर हानिकारक वायु से घिर जाए वातवरण, सोचो अगर तरस जाए शुद्ध जल की धारा के लिए धरा, अगर ऐसा होगा तो कल कैसा होगा सोचो तो जरा। सोचो अगर ताजी हवा और हरियाली हो चारों ओर, सोचो अगर गाँव-शहर सुनाई दे बहती नदी का शोर, सोचो अगर सर्वत्र स्वच्छता ही नजर में आए, अगर ऐसा हो तो प्रकृति भी मुस्कुराए और खुशी से गीत गाए। चयन हमें ही करना है, कैसी होगी पृथ्वी हमारी, छाएगा कष्टों का बादल या छाएगी खुशियों की लाली।।

**स्मृति सिंह (10-ब)**

*45 Years of Glorious Excellence & Tradition*

## अधूरा बचपन

वो खिलौने मिट्टी के,  
हाथों से छिन गए कहाँ,  
वो नन्हा बचपन चिड़ियों सा चंचल,  
वो खेल—कूद सब गए कहाँ ?

वो धूप छाँव के खेल सभी,  
क्या अंधियारे में खो गए ?  
ऐसा लगता है जैसे  
बिना बचपन के ही, हम सब बड़े हो गए ।।

क्या मेरा सुन्दर सा बचपन  
इन किताबों में खो गया ?  
बिना सुने लोरियाँ दादी की  
मोबाइल ले सो गया ।।

जीवन तेज दौड़ता है  
जैसे लौह—पथ—गामिनी,  
रोज सुबह के समाचार में  
दिखती है कोई दामिनी ।।

वो समर्थ समाज स्वार्थ  
बस टुकड़ों में बंट गया कहाँ ?  
फिर हिन्दुस्तान का राम राज्य  
जाति—पाँति में बंट गया कहाँ ?

अरे ! कहाँ गए वो हिरन—सिंह,  
एक घाट पे पानी—पीते थे ?  
वो कहाँ गए एकलव्य शिष्य  
जो गुरुओं के लिए जीते थे ?

देश की खातिर जीने वाले  
राणा प्रताप सो गए कहाँ ?  
कहाँ गए वो गुरु चाणक्य,  
माँ—बाप के श्रवण गए कहाँ ?

वो खिलौने मिट्टी के  
हाथों से छिन गए कहाँ ?  
वो नन्हा बचपन चिड़ियों सा चंचल,  
वो खेल—कूद सब गए कहाँ ?

सृष्टि राय 9—अ

## हमराह

बातों की बात और उन मुस्कानों का  
पूछे गए सवाल और उनके जवाबों का ।

अपनी रफ्तार से दौड़ती उस क्लास का  
शायद सफर में साथ यही तक था ।

लगा नहीं था की ये दिन  
इतनी जल्दी बीत जायेंगे ।

पर किसे पता था ,जाने अंजाने ही सही  
मगर इतने अच्छे दोस्त मिल जायेंगे ।

इस सफर में हमराह मुझे ऐसे मिले  
जिनसे बिछड़ने का दुख बहुत होगा ।

पर आगे किसी मोड़ , कहीं छाँव तले  
दोबारा मिलने का अवसर जरूर होगा ।

याद रखना मुझे ए दोस्तों मेरे  
मेरी गलतियों और नादानियों से परे ।

क्या पता तुम्हारी दर से होकर ही  
खुदा मुझे मेरी मंजिल नवाज़ दे ।।

आराधना मिश्रा (10 अ)

## कान्हा श्याम

कोई कहता कान्हा,  
कोई कहता मोहन ,  
कोई कहता श्याम,  
कोई पुकारे घनश्याम,  
वर्ण जिनका साँवला,  
जग है जिनका बावला,  
मैया यशोदा के लाल,  
नंद बाबा ने रखा जिनका ख्याल,  
मीरा की जिनसे लगी रीत,  
राधा संग हुई जिनकी प्रीत ।  
जो बने सुदामा के सखा,  
कालिदास ने जिनके बारे में लिखा ।

श्रुति चौबे (7—ब)

मित्रता — हम मनुष्यों को इस जीवन में कुछ रिश्ते जन्म के साथ मिलते हैं। कुछ रिश्ते हम स्वयं अपने लिए चुनते हैं और वो रिश्ता ही मित्रता कहलाता है। मित्रता के लिए न कोई जाति और ना धर्म का बंधन होता है, न कोई उम्र की सीमा होती है। मित्रता किसी भी जाति और किसी भी उम्र के व्यक्ति से हो सकती है मित्रता का आधार होता है, विश्वास और प्रेम और इसी के सहारे मित्रता जीवन भर हम लोगों का साथ निभाती है। सच्ची मित्रता में कहीं कोई स्वार्थ नहीं होता है। सच्चा मित्र सुख में दुःख में जीवन की हर राह में हमारे साथ खड़ा होता है। जो जीवन की मुश्किल राह में हमारा साथ छोड़ दे वे हमारे सच्चे मित्र नहीं, मित्रता एक ऐसा रिश्ता होता है, जिसे किसी अन्य रिश्ते से नहीं तौला जा सकता है। यदि मित्रता सही व्यक्ति से की जाए तो वह संजीवनी का रूप ले लेती है, अगर बिना परख के किसी को अपना मित्र बनाये तो वह जानलेवा भी साबित हो सकती है। इसलिए जीवन में मित्रता बहुत सोंच समझकर करनी चाहिए।

आद्या अवधिया 6—अ

## मित्रता

## ग्रामीण परिवेश

अपना गाँव है सबको प्यारा, लगता हमको सबसे न्यारा।  
प्रकृति की देन यहाँ पर, मिलजुल कर सब रहते यहाँ पर।

सूर्योदय जब होता है, धरा खिल जाती है।

सुबह—सुबह की स्वच्छ हवा, तन को सहलाती है।

खेत खलिहानों की हरियाली देख, मन प्रफुल्लित हो जाता है।

इसलिए ही तो किसानों को, अन्नदाता कहते हम।

दूर आकाश में उड़ते पक्षी, और धरा पर चरते पशु।

लगते हैं कितने सुंदर, खिल जाता है मन अंदर ही अंदर।

वो कूपों से पानी भरना, और पोखर में नहाना।

इसलिए ही तो हमें होगा, गाँव की मिट्टी को अपना ना ।।

अर्नव दास (रक्षा—8 ब)

## बचपन

एक बचपन का जमाना था, जिसमें खुशियों का खजाना था ।

चाहत चाँद को पाने की थी, पर दिल तितली का दीवाना था ।।

खबर ना थी कुछ सुबह की, ना शाम का ठिकाना था ।

थक कर आना स्कूल से, पर खेलने भी जाना था ।।

माँ की कहानियाँ थी, परियों का फसाना था ।

बरसात में कागज की नाव थी, हर मौसम सुहाना था ।।

नेमत सादिया (8—ब)

## वो गुजरे पल....

पलट कर जिन्दगी के पन्ने,  
स्कूल की यादों को जो देखा हमने,  
रोते रोते जो जिंदगी शुरू हुई थी,  
उसी जिंदगी को दुनिया बनाई हमने।

गुजरे पलों को सोचूं तो,  
कुछ दोस्त बहुत याद आते हैं,  
गुजरे दिनों को सोचूं तो,  
स्कूल के दिन बहुत याद आते हैं।

दोस्तों के साथ बिताए वो लम्हें,  
आंखों के यादों में बंध गए,  
दोस्ती कुछ इतनी गहरी,  
कि दूसरे को बचा के खुद डांट खाएँ।

जिन्हें कभी अजनबी सा पाया था,  
आज वो कितने खास क्या बताएं,  
स्कूल से निकलते ही सब बिछड़े कुछ ऐसे,  
कि वो दोस्त हर मुकाम पे याद आए।

देखा जब आज उस क्लास की तरफ,  
वो मुस्कुराते दोस्त याद आए,  
काश क्लास की उस लास्ट बेंच पर,  
वो पुराने दोस्त वापस मिल जाए।

क्या है जिंदगी....  
जिंदगी तो बस एक मौका है,  
सपने और मंजिल के बीच का फासला है,  
गिर कर उठना, उठ कर चलना  
हर एक की यही दास्तान है।

जिंदगी तो बस एक बहाना है,  
जीवन में कुछ कर दिखाने का इरादा है,  
माना की दिल दिमाग है रुठा,  
पर हौसले से कहा कुछ बड़ा है।

जिंदगी संघर्ष है,  
कभी हार तो कभी जीत है,  
ऐ दोस्त! तू ज़रा संभलना,  
मंजिल पाने की आश लिए बस मेहनत करना।

जिंदगी एक मधुर गीत है,  
आओ सब गुनगुनाते चले,  
इंसानियत की राह पकड़े,  
बस निडर बन आगे बढ़ते चले।

कविता जो खत्म हुआ,  
चले एक सच्ची बात बताऊँ  
हार और दुख से तो कुछ पल का वास्ता है,

दीपान्जना आचार्य (10 ब)
